INDEX

A

Addison's disease with pellets of desoxycorticosterone acetate, Treatment of, 19
Adrenal adenoma with relief of Cushing syndrome, Surgical removal of, 196
Aerosol inhalation, A supplemental note, A study of sulfonamide, 488
Agranulocytosis with complications. Case report, Allergic, 453
Air-borne infection, An apparatus for study of the physiology of, 131
Allergic agranulocytosis with complications. Case report, 453
Allergy. II. The presence in allergic disease of atypical lymphocytes and symptoms suggesting the recovery phase of infectious mononucleosis, Blood studies in, 638
Amebiasis: Analytical study of the cases admitted to a Philadelphia hospital during the last 5 decades, 754
Analgesia in obstetrics, 804
Aneurysm. Rupture into the jejunum preceded by occult blood in the stool, Abdominal aortic, 600
Angina pectoris, Clinical aspects of pain in the chest, 1., 561
Anticephalin activity of normal and hemophilic plasmas, Observations on the, 814
Aortic aneurysm. Rupture into the jejunum preceded by occult blood in the stool, Abdominal, 600
Applebaum, E., Nelson, J., Sulfadiazine and its sodium compound in treatment of meningococcic meningitis and meningococcemia, 492
Athletes as affected by intercollegiate sports, The blood picture of, 130
Auerbach, O., Stemmerman, M. G., The development of pulmonary tuberculosis in congenital heart disease, 219
Avidin (egg white), One year observations of the treatment of cancer with, 733

B

B vitamins in the human subject, Studies of the. VII. Blood pyruvate and lactate-pyruvate ratio following the ingestion of glucose in experimental deficiency, 247
Bacterial control in large spaces, The use of glycol vapors for, 361
Barnebee, J., *see* Koletsky, S., 421
Barnes, Mildred W., *see* Peterson, Osler L., 166
Barnes, T., Electrical potential of human skin measured on the fingers, 550
Base by ion adsorption, Determination of serum total, 129
Bauman, L., Whipple, A., with the technical assistance of Bratti, E., Stines P., The diagnostic value of pancreatic function tests in forty-seven surgically treated cases, 281
Beerman, H., *see* Stokes, J., 540
Beeson, P., Miller, E., Relationship of lymphogranuloma venereum infection to the incidence of hyperglobulinemia, 643
Beutner, R., Calesnick, B., and Bradlow, P., Prevention of absorption and of convulsions by mercurial diuretics, 812
Bigg, E., Jennings, B., Fried, S., Inflammability characteristics of propylene glycol and triethylene glycol in liquid and vapor form, 370
Bigg, E., Jennings, B., Fried, S., The use of glycol vapors for bacterial control in large spaces, 361
Bjorndahl, Oscar, *see* Haydak, M., 209
Blood picture of athletes as affected by intercollegiate sports, The, 130
Blood pressure, The naturally occurring blood sulfocyanates and their relation to, 63
Blue, J., Allergic agranulocytosis with complications. Case report, 453
Boehrer, John J., *see* Haydak, Mykola, 209
Bohning, A., *see* Cole, S., 317
Bradlow, P., *see* Beutner, R., 812
Bratti, E., *see* Bauman, L., 281
Brown, R., *see* Master, A., 435
Burch, G. E., *see* Winsor, Travis, 152

C

Cadaver blood, A note recommending the use of dried plasma obtained from fresh, 314
Calesnick, B., *see* Beutner, R., 812
Cancer with avidin (egg white), One year observations of the treatment of, 733
Carcinoma of the nasopharynx, 342
Cardiac function and coronary insufficiency, The electrocardiogram and the "two-step" exercise. A test of, 435
"Cardiac" or congestive cirrhosis. Pathologic and clinical aspects, 421
Cardiovascular syphilis, Electrocardiographic patterns in, 317
Cardiovascular variables in healthy men, and the relation of physique to these and other variables, Intercorrelations between, 684

Ceccolini, Edward M., *see* Wilburne, Morris, 204
Cell volume, The use of fibrinogen in a rapid method of determining, 29
Cerebral cortex of the monkey, Topical projection of the cochlea to the, 685
Chapple, C., Lynch, H., A study of sulfonamide aerosol inhalation. A supplemental note, 488
Charny, C., The use of equine gonadotropin in male infertility. An analysis of 127 patients, 519
Chlorophyll: An experimental study of its water-soluble derivatives. I. Remarks upon the history, chemistry, toxicity and antibacterial properties of water-soluble chlorophyll derivatives as therapeutic agents, 647
Cholecystographic medium, A new, 678
Chornock, F., *see* Neefe, J., 626
Choroid and retina, Senile changes in the, 258
Churg, Jacob, Wachstein, Max, Osteosclerosis, myelofibrosis and leukemia, 141
Cirrhosis. Pathologic and clinical aspects, "Cardiac" or congestive, 421
Citrated blood in man. III. The effect on temperature and the white blood cell count, Observations on the oral administration of, 465
Clark, J. K., *see* Murphy, F. D., 77
Clinical aspects of pain in the chest. 1. Angina pectoris, 561
Cochlea to the cerebral cortex of the monkey, Topical projection of the, 685
Cold upon the static receptors of the labyrinth, Depressor effect of, 815
Cole, S., Bohning, A., Electrocardiographic patterns in cardiovascular syphilis, 317
Colvin, S., Gore, I., Peters, M., A case of histoplasmosis (Darling) with autopsy, 378
Congenital heart disease, The development of pulmonary tuberculosis in, 219
Convulsions by mercurial diuretics, Prevention of absorption and of, 812
Coronary insufficiency, The electrocardiogram and the "two-step" exercise. A test of cardiac function and, 435
Cushing syndrome, Surgical removal of adrenal adenoma with relief of, 196

D

D'Agati, V., *see* Marangoni, B., 385
D'Agati, V. C., *see* Marangoni, B. A., 67
Derbes, V., *see* Engelhardt, H., 776
Desoxycorticosterone acetate, Treatment of Addison's disease with pellets of, 19
Diabetes, Alloxan, 550
4,4′-diaminodiphenylsulfone, The effects on experimental tuberculosis of, 290
Diastase values in mumps and mumps pancreatitis, Blood, 461
Diaz-Rivera, R., Rasberry, E., Amebiasis: Analytical study of the cases admitted to a Philadelphia hospital during the last 5 decades, 754
Diet for adult humans, A clinical and biochemical study of cow's milk and honey as an essentially exclusive, 209
Digestive tract: A review, Major motility patterns of the child's, 782
Diuretics, Prevention of absorption and of convulsions by mercurial, 812
Donnelly, J., Analgesia in obstetrics, 804
Dowling, H., Lepper, M., "Drug Fever" accompanying second courses of sulfathiazole, sulfadiazine and sulfapyridine, 349
"Drug Fever" accompanying second courses of sulfathiazole, sulfadiazine, and sulfapyridine, 349
Dworzan, H., *see* Rawls, W., 528

E

Electrocardiographic patterns in cardiovascular syphilis, 317
Electroencephalographic studies during fever induced by typhoid vaccine and malaria in patients with neurosyphilis, 512
Elsom, K. O., *see* Klein, D., 247
Engelhardt, H., Derbes, V., Tumefaction of subcutaneous fat following the injection of insulin, 776
"Eosinophilic or solitary granuloma of bone," Hand-Schüller-Christian's syndrome and, 161
Erf, L., A note recommending the use of dried plasma obtained from fresh cadaver blood, 314
Erythrocytes. A specific test for the recognition of Marchiafava's anemia, The "heat resistance" of, 624

F

Fabricant, N., Vasomotor rhinitis, 534
Farris, E. J., The blood picture of athletes as affected by intercollegiate sports, 130
Fat tumefaction of subcutaneous, following the injection of insulin, 776
Feil, H., *see* Thomson, H., 588
